

Research Seminars in General Psychology and Cognitive Neuroscience
 ("Forschungskolloquium für Absolventen, Doktoranden, und Mitarbeiter")

„General Psychology and Cognitive Neuroscience“

(Prof. Dr. Stefan R. Schweinberger)

Winter Term 2013/14

Place: Am Steiger 3/EG, SR 009

Contact: kathrin.wiese@uni-jena.de. For more information on current and past presentations see:

Event Schedule

03.02.2014	Merim Bilalic, Uni Tübingen/Klagenfurt	The role of the fusiform face area (FFA) in expertise
27.01.2014	Stella Färber, FSU Jena	New insights on the face sensitive N250r ERP component
20.01.2014	Jürgen Kaufmann, FSU Jena	Recognizing instances and within-identity prototypes of newly learned faces
13.01.2014	Carina Giesen, FSU Jena	Distractor-reponse bindings: A means to dissociate bottom-up and top-down processes involved in automatic behavior regulation
06.01.2014	Marlena Itz, FSU Jena	Evidence for dominance of surface reflectance and tolerance for violations of shape in face matching and recognition
30.12.2013		Christmas break
23.12.2013		Christmas break
16.12.2013	Eric Schröger, Uni Leipzig	Prediction in perception
09.12.2013	Yee Lee Shing, MPI Berlin	Episodic memory across the lifespan: The roles of strategic and associative components
02.12.2013	Carolin Altmann, FSU Jena	Within-person variability of attractiveness: an image analysis
25.11.2013	Helene Kreysa, FSU Jena	Methodological considerations for studies using pupillometry and eyetracking
18.11.2013	n.n.	n.n.
11.11.2013	Sally Andrews, University of Aberdeen	The role of within-person-variability in familiar and unfamiliar face identification
04.11.2013	Gyula Kovacs, FSU Jena	Electrophysiological and neuroimaging studies of a congenital prosopagnosic family
28.10.2013	Verena Skuk, FSU Jena	The role of vocal tract resonances and fundamental frequency in voice gender adaptation
21.10.2013	Daniela Sammler, MPI Leipzig	Understanding meaning and intentions in speech intonations

14.10.2013	Holger Wiese, Jena	Initial Meeting
